

U3A CAMERA CLUB
13 June 2022
Convener : Margaret Marsh

Our group met one week late as the previous Monday was Queen's Birthday and most of us were away for the weekend. We viewed our homework images for Leading Lines, which is one of the "8 Rules of Composition". Much fun was had in working out where the photos were taken!

I had chosen two video clips as examples of *Fun Effects in Photography*:

Beach Photography Easy Ideas to Try

<https://www.youtube.com/watch?v=TwPhDkxgSIM>

Creative Photography Light Tricks

<https://www.youtube.com/watch?v=v4RJqpOIUJQ>

MAIN TOPIC:

The main topic for our meeting was:

Point of View Photography – Angles – Perspectives (another Rule of Composition)

The phrase "**point of view**" in photography simply means the position from which the camera sees the scene. Are you **looking down** on the subject? Are you **looking up** at the subject? Or are you at **eye level**?

Looking down

Looking up

At eye level

Juxtaposition

Shooting a subject from an "unexpected" angle will have more impact than the viewing angle encountered in everyday life.

If you are interested in photography and would like to join us, please contact me via email:
